2021
catalog

Design & quality made in Europe

OKLOP bags are designed and produced to exactly fit the size of the equipment and to provide safe transportation with the following advantages:

- the bags for telescopes are **balanced**, which means that the holders are placed exactly according to the center of gravity.
- the **cylindrical shape** protects all parts of the scope, so the equipment doesn't wobble while you carry it in your hand or on your shoulder.
- the inner **silk covered foam rubber padding** provides protection from the moderate blows, holds the shape of the bag and makes them light in weight.
- the material is from **shiny polyester** that gives both a fine touch and keeps the water away.
- The carabiners and rings are **made out of metal** for sturdiness and long life.
- the **reflecting tape** makes you easy to find the bag in the dark.
- The edges of the bags are **bound with fabric** to prevent fraying.
- The bags are **easy to close** due to the spiral zipper.
- **One year warranty** for the zipper and material arising from the regular use.

Padded bag for middle size mounts and accessories

Characteristics: 10 mm foam rubber padding, with removable shoulder strap, internal/external pocket

Material: shiny black polyester, water repellent, microfibre inner lining

Shape: brick

Fits: tube with rings and dovetail bar

Small Accessories Bag

Characteristics: 5 mm foam rubber padding, with non-removable shoulder strap, external pockets, reflective tape

Material: shiny black polyester, water repellent, polyester inner lining

Shape: brick

Fits: eyepieces (1,25" & 2"), Filters, Hand Controller, 25x25cm Planisphere and other accessories

Bag for AZ-EQ5, AZ-EQ6, EQ6-R Styropack

Characteristics: Front pocket, on-side holders, reflective tape

Material: shiny black polyester, water repellent

Shape: brick

Fits: Sky-Watcher mount in original Styropack

Astro backpacks

Characteristics: hand made product, classic drawstrings with gathered top

Material: poliuretano (REACH Standard), on both side sublimated astro motives

Shape: brick

Fits: everyday use

PADDED BAGS FOR REFRACTORS

Characteristics: 10 mm foam rubber padding, balanced, removable shoulder strap and 2 pockets

Material: shiny black polyester, water repellent, silk inner lining

Shape: cylindrical

Fits: tube with rings and dovetail bar, accessories

Refractor model	Art. No.	EAN code	External dimensions	Weight

Material: shiny black polyester, water repellent, silk & microfiber textile inner lining

Shape: trapezoid

Fits: mount / aluminum tripod / 2 counterweights / counterweight bar / accessory tray / accessories

	Model	Art. No.	EAN code	External dimensions	Weight
	Bag n' backpack for EQ3 and AZGoTo mounts and tripods	61326	86 06108 61326 9	L82xW32xH28 cm	1,60 kg

BAGS FOR MOUNTS & TRIPODS

Characteristics: 10 mm foam rubber padding, balanced, removable shoulder strap

Material: shiny black polyester, water repellent, silk inner lining

Shape: cylindrical

Fits: tripod

Model	Art. No.	EAN code	External dimensions	Weight
EQ5/HEQ5/AZEQ5 tripods	61306	86 06108 61306 1	L101xW18xH18 cm	0,85 kg
EQ6/NEQ6/AZEQ6 tripods	61304	86 06108 61304 7	L84xW19xH19 cm	0,86 kg

Characteristics: 10 mm foam rubber padding, balanced, removable shoulder strap, padded round separator

Material: shiny black polyester, water repellent, silk inner lining

Shape: round

Fits: 2x5 kg counterweights

Model	Art. No.	EAN code	External dimensions	Weight
Counterweights	61307	86 06108 61307 8	L19xW12xH19 cm	0,38 kg

BAGS FOR ACCESSORIES AND MICROSCOPES

Characteristics: 5 mm foam rubber padding, with non-removable shoulder strap, external pockets, reflective tape

Material: shiny black polyester, water repellent, polyester inner lining

Shape: brick

Fits: eyepieces (1,25" & 2"), Filters, Hand Controller, 25x25cm Planisphere and other accessories

	Model	Art. No.	EAN code	External dimensions	Weight
NEW	Small Accessories Bag	61325	86 06108 61365 8	L42xW17xH44 cm	1,09 kg

Characteristics: 20 mm soft sponge padding, with removable internal case for accessories

Material: shiny black polyester, water repellent, polyester inner lining

Shape: trapezoid

Fits: microscope and accessories

	Model	Art. No.	EAN code	External dimensions	Weight
	Microscopes up to 17cm width	61313	86 06108 61313 9	L42xW17xH44 cm	1,09 kg
	Microscopes up to 20cm width	61324	86 06108 61324 5	L42xW20xH44 cm	1,16 kg
	Microscopes up to 25cm width	61314	86 06108 61314 6	L42xW25xH44 cm	1,20 kg

BAG FOR EYEPIECES AND ACCESSORIES

Characteristics: 12 internal adjustable compartments and 4 fixed internal pockets

Material: shiny black polyester, water repellent, polyester inner lining

Shape: brick

Fits: Eyepieces, Filters, Hand Controller and other accessories

Model	Art. No.	EAN code	External dimensions	Weight	NEW
Padded bag for eyepieces and accessories	61386	86 06108 61386 3	L29xW10xH23,5 cm	0,25 kg
